

Friends of Kathy

Kathy Jones was our neighbor for 20 years and had friends for more than 50 years. We invited family and friends to share this opportunity to honor Kathy Jones with an altar of her favorite memories. Kathy traveled to Mexico often and honored and celebrated Our Lady of Guadalupe every year. After several years of treatment for cancer and as many parties and adventures as she could schedule, Kathy was a warrior dedicated to living well with no complaints. While we mourn her passing in June, we take this time by building this altar to celebrate the life she shared with us while she was here, full of color, adventures and love.
