Sculpture IS: *In the Garden 2019*

June 1 - October 31

Sculpture IS: *In the Garden 2019*, marks our thirteenth sculpture exhibit in partnership with Sierra Azul Nursery & Garden. Visit the stunning two-acre demonstration garden with more than a hundred sculptures in a variety of medias, including: steel, wood, ceramics, bronze, glass, and concrete. They are wonderful to view in a beautiful natural setting. Bring a sketchbook and camera! ENJOY.

Members' Exhibit: *MIRRORS*

June 19 - July 28

We are pleased to present PVA's annual members show. This exhibit is a collection of fine art works contributed by seventy-five of our members. It includes paintings, drawings, sculpture, and mixed media creations. The theme of this year's show is *MIRRORS*. A mirror is a reflecting surface that produces an image of whatever is in front of it. As a verb, it means to represent something honestly or to give a representation of something that is similar to something else. The pieces in this exhibit explore these meanings and how language, culture, personal identity, politics, and customs are reflected in today's society.

Plein Air: *Our Bounty*

August 14 - September 29

Dozens of invited artists are again planning to brave the weather, climb hills, lug easels, paint, and canvases to sites in southern Santa Cruz County. Painting outside on the land, en Plein Air, has long been a traditional pursuit in Santa Cruz because of the natural light and beauty of our collective landscape. Generous owners have granted access during the months of June and July for the actual painting. Concepts for discussion during tours may include: different artist interpretations of the same properties, the importance of protecting "Our Bounty" and being stewards of the land. Colorful art to explore!
